

## ***Information about WileyPLUS***

*Here's what you need to know: DO NOT GO TO WILEYPLUS.COM*

**WileyPLUS is required for this course.** *It is an online book (e-book) and homework tool.*

- Since WileyPlus includes an e-book of the entire text, **there is no need to purchase a paper book.**
- Work on homework assignments that provide instant feedback and content-specific help.

All mth111/112 and mth251/252 textbooks purchased in the MHCC bookstore are bundled with a WileyPlus Registration Code. Students also have the option of purchasing WileyPlus alone at a significant savings. Students in my sections will access WileyPlus from inside of Blackboard on the first day of class.

This class will use Blackboard instead of the Portal (MyMhcc) because it has an excellent grade book (students can see their current grades at any time). Also, assignments will be posted in Blackboard so if lost or if you miss a class you can always download the file from Blackboard.

More information about Blackboard will be available on the first day of class.

**Instructions on how to access and register your WileyPlus account: DO NOT GO TO WILEYPLUS.COM**

1. On the first day of class: go to the Mhcc college website [Mhcc.edu](http://Mhcc.edu), find and click on "Online Learning". Then login to Blackboard using your student I.D. and your birthdate.
2. You can begin the registration process by clicking on any WileyPlus assignment.
3. As you register for WileyPlus remember to type the school name as, "MT HOOD COMMUNITY COLLEGE" in capital letters. And also do not forget to enter your student I.D.
4. Use your registration code access WileyPLus.

**-OR -**

You may wait to get a code later. Students have a 14-day grace period. A grace period begins when a student clicks to start their grace period. Each grace period will be individual to the student, based on when they entered into it.

***If you get a registration code from the Bookstore, DO NOT LOSE IT. Students that lose their codes will not be issued replacement codes.***

One WileyPlus Registration Code covers both mth111 and mth112. There is no need to purchase a code for each class. Similarly, there is one registration code for access to mth251 and mth252.

**Do not** purchase a used copy of the textbook since it will not include WileyPlus. The price of WileyPlus in the future will not be discounted.

**Do NOT** discard or lose your registration code. YOU DON'T WANT TO HAVE TO PURCHASE ANOTHER CODE LATER!

**DO NOT GO TO WILEYPLUS.COM**

## Frequently Asked Questions about WileyPlus:

### If I already have a book, do I still need to buy WileyPlus?

*WileyPlus is required for this course. The least expensive option is to purchase a registration code directly from Wiley. You will automatically be taken to WileyPlus when you click on the first assignment inside Blackboard. Black board opens on the first day of classes.*

## **DO NOT GO TO WILEYPLUS.COM**

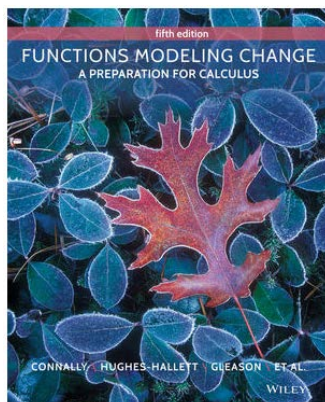

*Since WileyPlus includes an electronic version of the book, there is no need to purchase a paper book. WileyPlus is less expensive than a stand alone, paper book.*

*If you purchase your book at the MHCC bookstore, it will automatically come with a registration code, so you don't have to worry about it.*

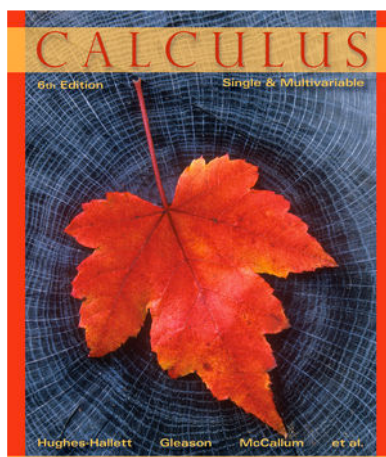

*❖❖ Textbooks purchased outside of the MHCC bookstore do not include WileyPlus. If you purchase your book outside of MHCC you run the risk of having to pay full price for WileyPlus (that is a difference of almost \$90.00)!*

What do the books look like? Below is a picture of the new 5th edition of the text .

THIS IS THE PRECALCULUS BOOK FOR MATH 111/112

THIS IS THE STANDARD VERSION OF THE CALCULUS BOOK (6<sup>th</sup> edition). THE COPY IN THE BOOKSTORE HAS A PICTURE OF MT HOOD ON IT.

**Do I have to buy a paper book?**

*No. WileyPlus includes an electronic version of the book. If you prefer to have a book made of paper to hold in your hands, WileyPlus will allow you to print out individual pages of the book. You can also purchase a textbook in the MHCC bookstore; it will include a registration code for WileyPlus.*

**If I don't buy WileyPlus, can I still take the course?**

*WileyPlus is required in this course. It is where each student will be completing reading assignments, quizzes and their homework. Without WileyPlus a student will not be able to complete an essential part of the course.*

**Can I use my WileyPlus in future math classes?**

*Mth111 and Mth112 use the same book and therefore you need only one registration code for this sequence.*

*Mth251 and Mth252 also use the same book so the same registration code may be used for this sequence.*

*However, if you move from Mth112 to Mth251 you must purchase a new registration code because you are switching books.*

**I have used WileyPlus in the past, do I need to buy another code?**

*A student that has used WileyPlus in mth111/mth112 and is repeating or restarting either of these courses may still use their previous WileyPlus registration.*

*A student that has used WileyPlus in mth251/mth252 and is repeating or restarting either of these courses may still use their previous WileyPlus registration.*

*However, when moving from Mth112 to Mth251, a student must purchase a new registration code because these courses do not use the same book.*
